Fasten off and leave tail about 2 feet long

### Braids:

- cut a piece of black yarn about 2 feet long and fold in half
- with the hair upside down; insert hook through one stitch
- hook strand through stitch (pulling strand at the "fold")
- with both the strands, yarn over hook
- pull yarn through stitch and off hook (as if you were making one chain)

- repeat for each stitch around the base of the hair
- section the hair into 2 parts and braid each side and secure
- trim to desired length.....tah-dah! you have braids!

Now, sew the hair to the doll's head. I safety pinned the hair to the head to prevent shifting as I sewed. I also tilted the hair back to expose more of the face (so the top of the head was slightly more shifted forwards than the top of the hair).

When you are done sewing the hair on the head, put in the safety eyes, embroider mouth and sew on the rosy cheeks. Stuff

### Body:

For the finishing touches, make a belt and a pouch out of black felt; make a headband out of red felt and sew some feathers in it; sew on seed beads in a pattern on body, belt and headband. Add any other creative touches you can think of!
