Tomorrow's Foundation is an NGO committed to helping marginalized children from the most underprivileged backgrounds, to become self-reliant, realize their potential and fulfill their aspiration. The children are supported with health care, food, educational classes, school admission fees, regular visits to parents as well as many other measures to foster their development. TF is supporting about 1500 kids in West Bengal and Chattisgarh.

The Tara home for street children was initiated in 2008 to provide 16 street boys in Delhi with more than just basic protection and food. It aims at giving each of them the best chances to fulfill their potential through education and a family-like environment. 2 homes are now taking care of 30 children.
