DUI DWI Drunk Driving Overview

A drunk driving or impaired driving charge can permanently affect anyone's life and all aspects of it, such as their personal life, career, and future. Annually, over a hundred thousand people are charged with a drunk driving offense as drunk driving laws have become more strict due to the alarming increase in impaired driving statistics and the accidents that are caused by impaired

drivers. The maximum limit for blood alcohol content (BAC) has also decreased throughout the years from 0.10 to 0.08 as a standard, and some states even implement a lower standard, particularly for drivers that are underage or drivers that operate large commercial vehicles.

Since DUI laws are often strict and carry severe penalties and punishments for offenders, even those being charged with a DUI for the first time can find themselves doing jail time. In addition to jail time, those found guilty of a DUI may also be forced to pay thousands of dollars in various fees and be required to use ignition-interlock devices in their cars. If you are facing potential DUI charges, it is extremely important to have a lawyer on your side that will work hard to fight and reduce or eliminate these penalties.

Employment Law Overview

Employees are often fearful to report problems they are experiencing in the workplace. In these economic times, employees may feel they cannot risk the possibility of losing their job, having their wages garnished, or alienating co-workers or supervisors by reporting discriminating or harassing behaviors. Many employees determine to simply live with and attempt to tolerate these daily violations of their rights. These employees will continue to work under almost unbearable circumstances in order to maintain their current level of employment and income. While ensuring one's financial stability and preserving one's career is a noble prospect, employees should not be subjected to continuous harassment or discrimination. Any employee that feels that have been or are the victim of discrimination or harassment should contact skilled employment law attorneys for assistance.

Immigration Law Overview

Immigration law is part of federal law that is categorized with the Immigration and Nationality Act and its related regulations. The Immigration and Nationality Act, or INA, regulates all areas of immigration, including obtaining a green card, bringing foreign relatives to the United States, immigration and employment, marriage to foreign citizens, and asylum and refugee relief. Additionally, the INA handles the process by which an immigrant becomes a citizen of the United States. Our immigration lawyers possess a profound understanding of U.S. immigration law, which is constantly changing and evolving. It can also be complicated for those who find themselves in the middle of an immigration issue and do not have an experienced lawyer working for them.
