## Dirk Verschueren 20 ans de carrière chez Cascades

Directeur des Finances et responsable du contrôle de gestion, Dirk Verschueren a presque toujours travaillé pour le groupe Cascades. Il a commencé sa carrière en 1983 au service comptable de l'usine van Duffel qui fut rachetée par Cascades en 1989. Dirk continua de travailler pour l'usine en tant que responsable de la comptabilité jusqu'à la fermeture de l'usine en 1993, transformée en centre de découpe.

De 1993 à 1997, Dirk travailla avec Eric Laflamme en tant que Directeur du centre de découpe puis il commença sa carrière à l'usine d'Arnsberg : contrôleur de gestion, puis Directeur financier, Directeur administratif...

Vivant toujours à Duffel en Belgique, Dirk retrouve sa famille le week-end. Ses passions : son jardin, la moto, le foot en tant que supporter.
