

# Diving Devils Grotto Cayman Islands

# Discover Scuba Diving

The PADI Discover Scuba Diving (Resort) Course starts with a short lecture and is followed by confined water skills in our pool, including mask clearing, regulator recovery & clearing. After completing these skills, students are guided on an exploratory dive of our house Reef, Casuarina Point. The course, including the guided dive, takes approximately 3 hours. (This is not a certification class). After completing this course, you are able to dive again during your vacation by doing a "Repeat Resort Dive". These dives can be on the afternoon 1-Tank Dive or at Stingray City. An instructor will accompany you during all your dives. This course is recommended if you have never been diving and want to try before you enrolling in a full certification class.

# Shore Diving

Our waterfront location is the ideal place for deep or shallow shore dives. Our house reef, Casuarina Point, is easy to navigate with depths ranging from 15ft/5m to 60ft/18m, and offers a variety of environments for you to explore. Swim your way through our coral gullies keeping your eyes peeled for spiny lobsters and juvenile trunkfish, or cruise out to the sand patch and spy some southern stingrays. Water access is by short ladder into 10ft/3m of water and the reef begins around 70ft/20m offshore. We have plenty of shaded areas available to set up your equipment and full rinse facilities and fresh water showers for after your dive.

# Sting Ray City Dive & Snorke

The Cayman Islands have been gifted with two locations where you can interact with Southern Sting Rays. Both places can only be reached by boat as they are about 6 miles from the shore, within the North Sound.

One location is known as the Sand Bar and is very shallow (about 3 feet). The other location is the well reknown Sting Ray City. It has been made famous by the National Geographic Magazine and it is about 10 feet deep.

This is the location preferred by Scuba Divers although snorkelers have a blast too. We take dive trips there on Fridays and Sundays, departing at 2 PM (check in is at 1:30 pm).
