Here's a quick roundup to depress you - I'm thinking Case 1 and 8 are the worst....

May they rest in peace.

Case #1:

Jakes van Deventer, 35, was stabbed to death with a knife and a screwdriver at his farm in Bela-Bela, South Africa this week. He had over 10 knife wounds and the farmhouse resembled a slaughterhouse.

Police say they are looking for four BLACK males

Among the survivors are van Deventer's three-month old baby, his partner, and his three older children who were instructed to hide and keep quiet during the home invasion. Van Deventer told his partner to look after the children before he died.

His partner fought off the 4 Black savages, as they tried to rape her. She managed to stab one of the males and broke fingers during the struggle. She wasn't raped.

The attack was reported March 17, 2015. It was the third farm murder in the vicinity year-to-date. [Source](#) ►

Case #2:

Earlier this month the mutilated body of retired physician Louis-John Botha, 64, was found on his nearby game farm.

Botha was alone at the lodge over the weekend while his girlfriend visited friends in Pretoria. She became concerned when she was not able to get hold of him on Sunday and called neighbours, who went to his house and noticed there had been a break-in. Blood was found on the porch and inside the double-storey thatch home. The safe had been opened and items were missing. Police were called and a search was launched. The body was only found on Monday morning, hidden about 200 metres from the house. [\[source\]](#)

Case #7:

Charles Henderson, 61, and his wife Jenna, 60 were tied back-to-back and beaten with bricks and a shovel as the savages rampaged through their home in Lindley.

Mr. Henderson died in the attack and his wife struggled for three hours to free herself after his death. Thieves stole R600, cellphones, a TV, DVD player and an iPad. [\[source\]](#)

And last but not least:

Case #8: An elderly couple were tortured for hours at their farm in Bloemfontein in January.

Toon, 72, and Rienie Swanepoel, 70, were shot dead on their farm Waaikraal, near Bainsvlei, Bloemfontein, on 12 January 2015. Their bodies were found in a wooded area on their property. A television, firearms and a vehicle were stolen. [source]
So, let's flesh out some detail on this murder:

Investigating officer Kobus Coetzee told the court that the couple were tied to a single bed and tortured for hours. The men took turns to rape Rienie (70) while her husband (72) was forced to watch.

Coetzee testified that the suspects told him they had shot Toon in the leg to bring him under control because he was fighting back.

They were then taken to a remote part of the farm where Toon was shot dead. Rienie was then made to lie on her husband's body before she was shot dead.

The scene resembling an exercise for target shooting, Coetzee testified.
