GoPro Hero4 Silver Camera Surf Edition £329.99

DESCRIPTION

Introducing the GoPro Hero4 Silver Surf Edition, the most advanced GoPro ever. Featuring improved image quality and a 2x more powerful processor with 2x faster video frame rates, HERO4 Silver takes award winning GoPro performance to a whole new level. Incredible high resolution 4K30fps and 1080p120fps high frame rate video enable stunning, immersive footage of you and your world. New Protune settings for both photos and video unlock manual control of Colour, ISO Limit, Exposure and more. Waterproof to 131' (40m) with 12MP photos at a blistering 30 frames per second and improved audio, HERO4 Silver is the ultimate life capture solution. The Hero4 now has built in Wi-Fi and Bluetooth for fast and easy connectivity and compatibility with other GoPro Products. Go Pro have upgraded the camera so that its much clearer at night. Capture the night sky in a whole new way. New Night Photo and Night Lapse modes offer customizable exposure settings of up to 30 seconds for single and Time Lapse photos. Have the capability to mount your GoPro to the end, middle or rear of your Surf Board to capture some of your biggest waves.

Another great feature that GoPro have added is the new HiLight features. This enables you to mark key moments while recording so you can quickly locate your best clips later for convenient playback, editing or sharing using the GoPro App or GoPro Studio. Like the GoPro 3+, GoPro have updated the view to allow for the worlds most immersive wide angle perspectives. It allows you to capture more of yourself and your surroundings in the shot- resulting in captivating, ultra engaging footage of every adventure. The camera features on the Hero4 has been updated and now comes with Protune. Protune unlocks the camera's full potential, delivering minimally compressed, cinema-calibre video optimized for professional productions, and advanced manual controls for photos and video. A new camera control button has been added to the Hero4 and it is a dedicated button that allows you to quickly access and adjust camera settings. The Surf edition comes supplied with a Surf Mount, FCS Plug Mount and a Camera Tether.
