ABOUT ME

Hi, I'm 22 years old. I'm currently in an engineering school based in St Etienne. I have chosen this school, because it can be an opportunity for me to do it by apprenticeship. It's really a good way to integrate the work environment.

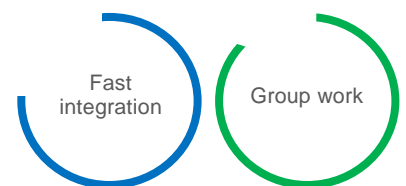

In my spare time, I love outdoor sports such as climbing, skiing, mountaineering or running.

Why don't we work together ?

Note: I took this photo on the top of Pointe Puiseux 3943m
