There is always a first time!

My first singing in public was for our Armenian soldiers – our Warriors!

Dear All,

Hard work, passion and faith will always bear fruit! After three years of hard work, traveling, writing, creating, composing, recording and filming for Armenia, at last our movement arrived to its decisive moment!

Thanks to Artur Galstyan, our music producer, we had the unique opportunity to participate in a famous television series 'Martik – Warrior' presenting the everyday life of the army. The series run on H1TV the first Armenian Public TV in association with the Republic of Armenia Defense Ministry. The Founder of "Warrior" TV series is Honorary Journalist of RA, Reserve Colonel Seyran Shahsuvaryan. For more on Martik, please follow the link:

It was a day like no other! One I will never ever forget! A day where life transforms, where every

single struggle and harsh time make suddenly absolute sense!

Encountering our soldiers at the Zoramass 60925 - troops headquarters - has given me a deeper understanding of the challenges our Nation is facing. Encountering the hundreds of young heroes has confirmed me in my mission! To sing to our beloved soldiers, to let them know that even from far away we are with them, by them and that we all carry a soldier in us ready to die for Mother Hayastan! Thank you dear Commander - Gndapet V.

Asatryan for this precious Certificate of Honor!

With respect,

deep gratitude and admiration, I salute you Armenian Soldier! Marie
